
The task of forming healthy sexual attitudes and understandings in children requires considerable skill and tact. For those parents who are able to handle the instructional process correctly, the responsibility should be retained in the home. *The New Dare to Discipline*, page 217

After the discomfort of confrontation, there will come a moment when the child will ask, symbolically if not in words, “Can I come back again?” At that point, the parents should welcome him with open arms. That is the time to explain why he got in trouble and how he can avoid the conflict next time.

I HAVE NOT HIDDEN. I SAID, “I WILL CONFESS MY
TRANSGRESSIONS TO THE LORD,” AND YOU FORGAVE
THE INIQUITY OF MY SIN.

There is at least one class clown in every classroom. These skilled little disrupters often have reading or other academic problems. They'll do anything to draw attention to themselves. Their parents and teachers may not recognize that behind the boisterous behavior is often the pain of a poor self-concept. Knowing that should help you meet the needs of your son and help him find more acceptable ways of getting attention. Playing a musical instrument, participating in sports, or acting in a school play are good alternatives.

Our heavenly Father will answer your prayers for your kids if you turn to Him. He will guide them through the storms of adolescence. But He will not do for you what you can and must do for yourself.
